

New Source Review newspaper advertisements for construction permit applications, April 1, 2004. The following public notices have been published in the newspapers listed below each advertisement. These newspaper advertisements for construction permit applications were published on one of the following dates: March 30, March 31, or April 1, 2004. Public notices are generally published every two weeks. The previous publication of public notices was March 16 – 18, 2004.

PUBLIC NOTICE

The Tennessee Division of Air Pollution Control (TDAPC) has received requests for construction of air contaminant sources as noted below. The proposed construction is subject to part 1200-3-9-.01(1)(h) of the Tennessee Air Pollution Control Regulations, which requires a public notification and 30-day public comment period. Interested parties may express their comments and concerns in writing to Mr. Barry R. Stephens, Director, Division of Air Pollution Control, 9th Floor, L & C Annex, 401 Church Street, Nashville, Tennessee 37243-1531 within thirty (30) days of the date of this notice. Questions concerning a source may be addressed to the assigned Division personnel at the same address or by calling 615-532-0554.

Individuals with disabilities who wish to participate should contact the Tennessee Department of Environment and Conservation to discuss any auxiliary aids or services needed to facilitate such participation. Such contact may be in person, by writing, telephone, or other means, and should be made no less than ten days prior to the end of the public comment period to allow time to provide such aid or services. Contact the Tennessee Department of Environment and Conservation ADA Coordinator, 12th Floor, 401 Church Street, Nashville, TN 37243, 1-866-253-5827. Hearing impaired callers may use the Tennessee Relay Service, 1-(800)-848-0298.

The applicant is TFC-F with a mailing address of P.O. Box 3003, Laverne, TN 37086. They seek to obtain an air contaminant permit (Division identification number: 05-0030-01/57144) for modification of a Grain Processing Facility located on Highway 33, Rockford, TN 37853. This existing operation consists of mixed grain milling, grain cleaning, bagging, and general clean-up operations. A cyclone and baghouse are used for particulate matter pollution control. The requested modification is for an increase in the amount of grain processed. There would be no physical construction. Regulated air contaminants emitted by this source would increase. Mr. Steven R. Simpson is the assigned Division person.

For the Blount County “Maryville Daily Times”--published once on or before Thursday, April 1, 2004.

FIRST APPLICANT

The first applicant is Coffee County Ready Mix with a mailing address of P.O. Box 95, Hillsboro, TN 37342. They seek to obtain an air contaminant permit (Division identification number: 16-0152-01/57162) for construction of a Concrete Batch Plant at 1620 Old Tullahoma Highway, Manchester, TN 37355. This proposed operation would consist of gravel and sand stockpiles, concrete and fly ash silos, and associated equipment used to produce ready mix concrete. Baghouses would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. J. Fuss is the assigned Division person.

SECOND APPLICANT

The second applicant is Tennessee Valley Ready Mix, LLC with a mailing address of 303B North Jackson Street, Tullahoma, TN 37388. They seek to obtain an air contaminant permit (Division identification number: 16-0153-01/57173) for construction of a Concrete Batch Plant at Highway 55, Tullahoma, TN 37388. This proposed

operation would consist of gravel and sand stockpiles, concrete and fly ash silos, and associated equipment used to produce ready mix concrete. Baghouses would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. J. Fuss is the assigned Division person.

For the Coffee County "Tullahoma News"--published once on or before Thursday, April 1, 2004.

The applicant is Tennessee Valley Ready Mix, LLC with a mailing address of 303B North Jackson Street, Tullahoma, TN 37388. They seek to obtain an air contaminant permit (Division identification number: 26-0100-01/57174) for construction of a Concrete Batch Plant at Blair Pond Road, Decherd, TN 37324. This proposed operation would consist of gravel and sand stockpiles, concrete and fly ash silos, and associated equipment used to produce ready mix concrete. Baghouses would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. J. Fuss is the assigned Division person.

For the Franklin County "Herald-Chronicle"--published once on or before Thursday, April 1, 2004.

The applicant is Conasauga River Lumber Company with a mailing address of P.O. Box 2, Conasauga, TN 37316. They seek to obtain an air contaminant permit (Division identification number: 70-0003-01/56906) for construction of a Wood-Fired Boiler Operation at US Highway 411, Conasauga, TN 37316. This proposed operation would consist of a wood-fired boiler and associated equipment. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. R. Simmons is the assigned Division person.

For the "Polk County News/Citizen Advance"--published once on or before Thursday, April 1, 2004.
